

En la Navidad

Hay viene el mes de diciembre,
Vamos a celebrar.
Con este ritmo de plena,
Todos quieren bailar.

Se encienden miles de luces,
Del campo hasta la ciudad.
Brilla mi pueblo lindo
En la Navidad.

Se escuchan panderos, un güiro y un cuatro,
Y unas maraquitas que hacen “chan chan
chan.”
Oigo esa parranda, que viene llegando,
Con su melodía que nos invita a todos cantar.

Nuestros arbolitos vamos adornando,
Luces de colores los alumbraran.
Y en cada casita de todos los barrios,
Una estrella brilla con luz de amor y felicidad.

During the Holidays

Here comes the month of December,
Let's celebrate.
With this plena beat,
Everyone wants to dance.

Thousands of lights are turned on,
From the countryside to the city.
Shines my beautiful town
During the holidays.

You can hear a *pandero*, a *güiro* and a *cuatro*,
And some little maracas that go “chan chan
chan.”
I hear that *parranda* that's coming,
With its melody that invites us all to sing.

Our little trees we're adorning,
Colorful lights will lite them up.
And in each little house, of every neighborhood,
A star shines with a light full of love and
happiness.
